From 23rd February 2024 to 11th April 2024:

Who are you and who am I in this life. This historical case study reminds us once of the birth of the story. What could we have been in the previous life. But, this case study reminds us that we are born again in this life. This is not my personal matter nor mine of own information.

This case study is entirely Allah, God, Five Elements and Philosophy. I am asking to Allah and God everyday why this happened once upon a time. Before 23rd February 2024, nothing like this happened to me in my real life. All this reminds me everyday from 23rd February 2024 till today. I have written down what the Allah, God, Five Elements, and Philosophy has said.

According to History:

Taj Mahal: (Mughal Emperor, Shah Jahan - Mumtaz Mahal (1628-1658) UNESCO World Heritage Site in 1983 and New seven wonders of the World Construction started in 1631Construction Completed in 1653(22 years)But, after 100 years gap approximately

Chowmahalla Palace: Nizams of Hyderabad State - Asaf Jahi Dynasty (1720-1948) UNESCO Pacific Merit Award in 2010Construction Started in 1750 Construction Completed in 1880 (130 years)

What Happened: 1880 to 1979?

1979 to Till: I was born in 1979. So, I remember everything from 1979 onwards.

I have completed this Ph.D case study 1, in Chowmahalla Palace 2014-15 After 10 years, I am visiting Chowmahalla Palace. It means every 100 years and 10 years creating the history and changing the trends.

I assumed 'X' is **ANGEL**(Dynamic Women). She is working as Software Engineer job in one of the reputed Organization or Institute. I took present numbers are:

My ICICI Pin number is "1812" and ANGEL present number is "XXXX" confidential or secret (But, eighteenth century number, I knew it's secret number).

I assumed universal Funny and Logical Numbers are 44. ANGEL means Messenger of God, Kindly nature, Devatha etc..., Whatever I assumed numbers and funny numbers are before festival Ramadan.

Why should I tell only you this information? Who is giving me this information and telling me? Definitely update me find out why only you. I think this information is very amazing and great for me in my real life.

What is special about Maagha Poornima? 23rd and 24th February 2024, according to the Hindu calender Maagha Poornima celebrated on February 24th. Poornima thithi starts from 3:33 PM on February 23rd and ends on February 24th at 5:59 PM. On the day of Maagha Poornima, the gods come down to earth in human form. I started my journey from Hyderabad to Vemulawada, Kondagattu, Dharmapuri purpose of visiting tourism places and temples, visited temples and started my return journey from Dharmapuri at night time. What happened here, generally in journey at the time watching and listening songs and using social media apps.

Here, at the time my friends, relatives employees, professionals etc..., whatever sending messages, that messages from my mobile I replied the messages. In these messages one important message felt, ANGEL's father was great person, aged person like our grand father and passed away. I saw the status, I pray to the Allah, God, because of ANGEL's in this situation be strong and bold. In my heart, I prayed to Allah and God for good of their father and for ANGEL's good and give beautiful life. That's how the day passed. I came to my house on the day of 25th February. I rested for a while and was ready to go sleep.

But, since that night, I've been hearing horrible noises and visions of someone saying and talking with me. I was very scared that day. I kept my mouth shut. From that day someone was giving me information. My wife and children are in the behind bedroom, and I keep my mouth shut as if I shut loudly, they will think what happened. From that day till today i.e everyday someone giving some information. I have been crying everyday at night time since February 25th onwards, I don't know why.

We all know about social media, we reply to messages everyday. We all do it everyday, which is respond to information, what happened here is that usually we give reply on social media, similarly I gave that day. On the morning of March 3rd I was replying whatsAap on my mobile, and there was an ANGEL reply message, the time indicating morning 4:4AM. These numbers remind me of past life memories. Someone is telling me that 44 numbers are symbols of

Chowmahalla Palace. History reminds me that these 44 numbers are thought in the past life. On the same day i,e March 3rd ,I visited Chowmahalla Palace, that too after 10 years. They are reminding me that something happened in my past life. I thought it must have something happened in the 18th century. Since that day onwards I put burden on God and Allah and writing this story. March 3rd to 10th runs like a story and reminds me everyday. Ramadan fasting started from 11th March onwards, the same will happen till March 12th, 13th and 14th also. March 15th is the first Friday of Ramadan festival, every Friday in the month of Ramadan is the most auspicious day. I gave a small gift to 'ANGEL', which was given by Chowmahalla Palace. Who gave me so much courage and who is giving it to me.

I still did not understand that information. This is the first time in my real life. Reminds me Taj Mahal, Chowmahalla Palace, Charminar, Macca Masid and Bhagyalaksmi Temple. They are reminding me about Nagaluti story also again since March 16th onwards. This Nagaluti means it has a story.

This is happening from March 16th to April 9th, so I got this story to concept, this is real life story repeating once again. The next day was April 10th, the strangest thing that happened today was something that never happened to me in my real life. I forgot my mobile in my rack today evening. Buses leave at 3:45PM everyday. I was reminded of 3:44PM today. There are no buses here after 3:45PM. I got off the bus and went to my rack and took my mobile. I went to RTC bus today and took day pass. Today also happened or passed like that everyday. The next day i.e very auspicious day Ramadan. For the first time, since I was born, I am visiting Chowmahalla Palace on the day of Ramadan. I thought it was all that Allah and God information. On 11th April visited to Charminar, Masjid, Bhagyalaksmi Temple and Chowmahalla Palace. I need to take before visiting Chowmahalla Palace, took the token or bill entered to visit Chowmahalla palace. I was reminded of the my bill number when I visited to Chowmahalla Palace. My bill number is 44 on Ramadan festival day and one more twist here, if whenever take the bill at the time wondered, because of if whenever visit this palace giving by cash mode. Today what happened, I have 500 rupees note, but in counter for 500 rupees no change. At the time I used my debit card and my card pin entered and my pin number is 1812. If whenever my assumed numbers are correct, then automatically whatever I assumed numbers are correct. It means in eighteenth century story reminding me. If I am child, my dream may think. Dreams can come one day, two day, three day etc..,,,but, this story took me exactly 50 days time.

What this story is saying is, $18^{\rm th}$ century numbers are thought, those numbers are correct. So these numbers were under the Nizam's administration.

Highlights of 2009 year:

- In 2009, Andhra, Telangana movements started, I did not stop Chowmahalla Palace title
- 2. In 2009, saw a lot of academic changes in my life
